In the peaceful darkness

*In the peaceful darkness of this night
Under the evening sky and all the stars I can see
Facing Your altar and longing for your light
I say a prayer to Thee*

*Guide me through the darkness of my soul
Give me the courage to face my dark side
Teach me the kindness to forgive myself
Help me wipe the tears I once cried*

*In the peaceful darkness of this night
I say a prayer to Thee*

*I am grateful for one more day in this world
For the faith and goodness that always surround me
I am grateful for Your unconditional love
And for the blessing of being alive*

Amen
